

NEW YORK STATE ASSOCIATION OF MPOs
SAFETY WORKING GROUP
NOV 15, 2012

MEETING NOTES

Participating

A/GFTC - Kate Mance

BMTS – Cyndi Paddick, Nancy Dutta

CDTC – Sandy Misiewicz

ECTC – Jay Schissell, Mike Perry

GBNRTC – Hector Boggio

GTC – Bob Torzynski

HOCTS – Matt VanSlyke

PDCTC – Emily Dozier

NYSDOT – Rob Limoges, Natalia Grigoryants, Jackie Berlant, Marty Neveu, Regina Doyle

GTSC – Chuck DeWeese

- Meeting notes from Oct 18: accepted
- SWG Work Plan updates
 - Data Access and Analysis
 - Network Screening document

Misiewicz asked members for comment on the draft document that had been distributed for review. She commented on the need to understand what is the minimum “good practice” that can be managed by a small staff.

Also noted that there is useful information in the Capital program update guidance.

Neveu asked that NYSDOT activities be added.

Misiewicz: original purpose was to understand what can be done prior to realizing NYSDOT upgrades

Mance and Dozier proposed that the document be better organized. Dozier also proposed that it be limited to network screening and analysis, with more detail on methods (like that provided for the NYS MPOs cases). Adding graphics would be valuable.

Torzynski: Concur with inclusion of NYSDOT activity especially in Regions with PIL and HAL screening. Notes there is no mention of cycle and pedestrian crashes and screening methodologies.

Boggio: Suggested being careful with extent of detail; links are ok. More about systematic approaches v. hotspot analysis, which helps build on proactive approach.

Gayle requested guidance on whether this is to be an internal resource, or one for external consumption. They would be different.

It was agreed that this is internal information sharing.

ACTION ITEM: Gayle will meet with Misiewicz for further clarification; requests input from SWG members, including NYSDOT.
 - ALIS update

Misiewicz reported she had spoken with Sattinger: updated ALIS possibly soft rollout by January.

Regarding access to Crash Report narrative: Limoges reports that it can likely be done, but will need to follow a process within NYSDOT, including IT/Cybersecurity.

- Training opportunities
Misiewicz reviewed items; noted they are included in the agenda.
- Partnerships and Outreach
 - NYSATSB
VanSlyke: No action. He and Misiewicz will coordinate on communications.
 - GTSC
DeWeese: Working on Annual Report. Have developed an ad campaign on synthetic drug issue.
 - NYSDOT
Nothing additional
 - NYSP
No report
- Other Topics
 - Discuss 2013 meeting schedule
Misiewicz asked if there was any desire to change schedule or frequency of meetings? Members concurred on keep the same schedule.
 - **Next meeting: Thursday Dec 20 1:30 PM**
